

Gexpro *GOcarts*: Delivering on-site efficiency

Providing labor savings directly to your bottom line.

Job sites and facilities are rich with opportunities to cut labor costs, reduce wasteful spending, loss and theft. Gexpro's *GOcart* Solution efficiently and securely delivers the material you need, when and where you need it - reducing your installation labor.

Scalable and customizable.

Gexpro works with you to understand your material and replenishment needs, offering you a turn-key Material Handling Solution. When you're ready, fully stocked *GOcarts* are delivered directly to your site, organized to your specifications, ready for

install. *GOcarts* are ideal for hospitals, schools, hotels or any project with a repetitive bill of material.

Mobile material management.

The mobility of Gexpro *GOcarts* provides installation crews the flexibility to maneuver with ease. Eliminate the need to search for material - it's always within arm's reach. *GOcarts* also provide security and visibility of on-site inventory.

Alert us when *GOcart* material is depleted. Gexpro will deliver a fully loaded cart while picking up the current cart. We manage any returns and replenish it to your specifications.

GOcarts expedite site clean-up. Place your empty boxes in the *GOcart* prior to Gexpro pickup to reduce clutter and costly disposal.

Gexpro's *GOcart* Solution provides you with the precise amount of material required for the job. It dramatically reduces installation labor costs, virtually eliminates over-ordering and keeps your material secure.
