

OASIS Mobile: A turn-key material storage solution

Are you struggling with on-site material?

Do you find yourself frustrated with frequent inventory deliveries or finding storage capacity? Are you encountering costly off-site material runs and downtime? Do you frequently have to stock and restock material? Gexpro's On-Site *OASIS Mobile* program offers our customers a turn-key inventory storage solution.

Capabilities & Value.

Gexpro has *OASIS Mobile* storage solutions that can be used in conjunction with Gexpro's *OASIS Insight* inventory management software or as a stand-alone offering. *OASIS Mobile* provides our customers with the ability to order product and have it delivered to a specified location in a Gexpro supplied container. We work with you at the start of the project to review the bill of material and determine levels for JIT inventory management.

- Container delivered to your location – fully stocked and organized, labeled to your specifications
- Secure “project warehouse” on-site, accessible 24 hours a day, 7 days a week
- Ideal for plant shut downs & remote job sites
- Decreased material handling time & purchasing costs
- Replenished by Gexpro as scheduled
- Removal of container upon project completion

Storage Features.

- Standard and extra wide widths with a variety of lengths available
- Material storage and on-site office space options
- Secure locking mechanism
- Single end or double end doors
- Shelving
- Optional ramps to ease material handling

Gexpro commitment.

The 1,500 professionals throughout Gexpro's global operations are committed to building on its industry leadership in innovation and customer support.
