

GEX-Connexx: EDI & PunchOut to increase productivity

Streamlined order process.

Gexpro has the global footprint, coupled with technical expertise and capabilities to leverage a variety of B2B solutions. We employ industry standard technologies to streamline much of the source-to-pay process, decreasing errors and increasing productivity. The end result is a comprehensive and customized set of B2B solutions, tailored to meet the needs of your business initiatives.

Gexpro supports:

- PunchOut
- ANSI X12
- cXML
- OCI
- xCBL
- Custom integration

Improve efficiencies.

B2B integration allows customers to seamlessly connect to Gexpro and increase productivity. Gexpro can integrate simple catalog transfers to full XML implementations; we have a multitude of capabilities to meet your needs. By decreasing manual transactions, you reduce costs and improve accuracy. Additionally, Gexpro can track cost savings and productivity gains within your business utilizing our *Dollarization Tool*.

PunchOut to save.

Through the PunchOut process you can leverage online ordering by accessing Gexpro's website, without leaving your system. This leads to reduced maverick spend and maintains your procurement process. Our site features real-time price and availability. Customers can utilize Gexpro.com features such as: shopping carts, purchasing lists, quotes, electronic POs, advanced ship notices, order status, electronic invoices and invoice lookup.

EDI documents supported.

- 850 - Purchase orders
- 860 - Purchase order change request
- 855 - Order acknowledgements
- 810 - Invoices
- 856 - Advance shipping notices

Gexpro commitment.

The 1,500 professionals throughout Gexpro's global operations are committed to building on its industry leadership in innovation and customer support.
