

Stage&Ship: Coordination Keeps Material Flowing

Short on space and resources?

Are you facing issues such as multiple vendor deliveries, incorrect material or quantities shipped, damaged/lost material, storing and moving material on the job site, or errors due to long lead times? Gexpro has a solution to help you maximize productivity on your jobsite. Through our *Stage&Ship* program, we can minimize your material handling concerns.

Staging and Shipping your products to meet your schedule.

Gexpro uses a process that will improve your jobsite

productivity by receiving, inspecting, verifying, staging, and shipping material based off of your release schedule. Material is tracked and monitored and we can consolidate or summary invoice the material to meet your needs.

Product possibilities are endless.

Gexpro can customize this process to meet your needs. Some examples include:

- Lighting Fixtures
- Lighting Controls
- Distribution Panel and Components
- Wiring Devices and Sensors
- Motor Controls and VFDs Fitting and Boxes
- Pipe and Wire
- Duct and Cable Tray
- Prefab Products

Cost savings identified and tracked.

Gexpro's *Dollarization Tool* can help you track cost savings from *Stage&Ship*, as

well as, many other Gexpro solutions. Data can be collected to track savings, share information, and generate real-time reporting.

Gexpro commitment.

The 2,500 professionals throughout Gexpro's global operations are committed to building on its industry leadership in innovation and customer support.

For more information, contact your local branch, visit www.gexpro.com or call 1-888-4-Gexpro.
